EXTRA EXTRA MISSION HOLDER STATEMENT

READ ALL ABOUT IT

Hello Friends,

This summer officially marks my 25th year on staff! I did my first service right here in this very mission. Shortly thereafter I joined staff here and never looked back. Some of you may remember me as the Course Supervisor, back in the 90's and early 2000's. That post will always be near and dear to my heart, and to this day brings me great joy when I think of it. From there I took on the OES post; while holding many technical and admin posts from above, it surely kept me on my toes. Then, finally in 2007 I became the Mission Holder. While it comes with its challenges, I can think of no more rewarding game to play. My only wish as I look forward to my next 25 years is that our Mission continues to expand and that more of you decide to join me in this game!*

Love,

*Stacy Kitchens

THE GOAL OF SCIENTOLOGY®

**"The goal of
Scientology is
making the
individual capable
of living a better
life in his own
estimation and
with his fellows
and the playing of
a better game."**

COMPLETIONS

for the month of June

How to Get Motivated Course

"This has been the most AMAZING course and I'm so so grateful for the opportunity to have done it! I was completely overwhelmed and engulfed in some problems in my life. BIG ONES. But this course gave me the tools to get on top of these situations. After one week my stats at work began to go up after months of being low. I still have some work to do but can't say enough about this amazing magical course!" —NO

Creating a Successful Marriage Course

"This course is awesome! Although I'm not getting married (right now), I can still apply the simple outline that LRH gives here. I realized some things I can do myself to get into action right now! I loved this course and it could help (and probably does) many people!" —KA

Dianetics & The Dianetics Lectures & Demonstrations Course

"I really can't believe I have read and understood *Dianetics*! I didn't think that would happen (at least easily). After now being done with Student Hat and Method One Word Clearing, this was a breeze. I was on staff for six years, I've sold this book to many people, watched many events, and never actually read it. For the first time in my life (this lifetime), I can honestly say I want to go Clear. I mean, it's a no-brainer after reading that. The lectures were amazing and I highly recommend them. It gave me a higher level of understanding 100%. I have been telling everyone to read this book and will continue to!" —KA

Having a Happy Baby Course

"I'm really glad I did this course. It gave me a lot of basic data that will be so helpful to me for the rest of my pregnancy, during birth and after. I'm happy to have this to reference for assists too!" —MR

Dianetics, The Original Thesis Course

"I just read The Original Thesis and it was great. It was good to see where it all originated from. All Scientologists should read the book to see where Dianetics originated. A great read and very useful data. I highly recommend." —RS

JUDD WENZEL

Many people know Judd as “the car guy.” He had started out working on cars at the age of 13, working on cars his brother would buy that “just never seemed to work,” then went on to being employed at various auto repair shops throughout the San Gabriel Valley. After it dawned on him that this is what he loved doing, he went to school and got ASE certified (the top certification in the auto repair industry) and in 2008, he opened his own shop in Azusa.

Growing up around his marketing-expert dad and running his own company—plus having completed through Grades V & VA (Power & Power Plus), the three “L” Rundowns, and his OT Preps —Judd has a lot of background experience and a “can-do” attitude to apply to his post here at the Mission, head of Division 2, Dissemination. You’ll most often find him handling the bookstore, talking to people about their next service, updating the address records and printing the newsletter.

In his free time, Judd loves riding and racing motorcycles—and getting to know people. So next time you’re in some evening or Sunday, come in and visit Judd!

“I want you to know that of all my many fine friends, I value my staff most highly. It takes more confront and dedication to clearing the planet to be a staff member than any other role in all of Scientology.”
